

We are currently recruiting for a Otolaryngology Physician who would perform the entire spectrum of ENT surgery

Overview:

You would be working for Tri- State Specialists, a private multi-disciplinary practice which cares for patients that need orthopedic, general surgery, dermatology, PM&R, neurology, plastic surgery, hand surgery, spine surgery, and pain management. In addition, there is physical therapy, MRI, and digital imaging on site.

Sioux City is a community of 85,000 residents drawing from a three state area of Iowa, Nebraska, and South Dakota. Our current service area is around 300,000 people. Tri-State has a strong referral base and all specialties are extremely busy. 90% of surgeries are done in the Pierce Street Ambulatory Surgical Center which is located on the first floor of the building Tri-State is located in. There are 5 ORs and 6 recovery rooms. In addition, there are four GI procedure rooms. The clinic itself has 40 exam rooms with 3 physicians in each pod. Nextech is the EMR being utilized and X-ray equipment is Samsung.

Currently in the community, there are 5 ENT physicians, four that are in one practice and one solo physician. Call is shared between all these physicians.

In addition, Tri-State has broken ground for their new Riverview Surgery Center and Medical Office Building in South Sioux City, Nebraska, right across the river from Sioux City. The building will be 52,000 square feet with 4 ORs, 2 procedure rooms, 1 minor procedure room, 21 pre and post op bays with 4 being extended recovery rooms overlooking the river.

Opportunity:

- Two year guaranteed salary commensurate with experience and highly competitive to the market
- Exceptional benefits package including signing bonus, CME, 401(k) with match, malpractice, relocation, and stipends for residents/fellows.
- Immediate buy in to the newly being built surgical center and buy in to the practice after 18 months.
